

Job Title: Mechanical Technician

Location: Barrow in Furness

Job Type: Full-Time

Salary: Competitive, based on experience

Job Type: Full-time, Permanent

About Us

Forth is a leading engineering firm specializing in innovative mechanical solutions for industries such as Nuclear, Oil & Gas, Renewables and Defence Sectors. We pride ourselves on delivering cutting-edge projects with a commitment to quality, safety, and efficiency.

Job Overview

We are seeking a skilled **Mechanical Technician** to join our dynamic engineering team. In this role, you will be responsible for the maintenance, assembly, and troubleshooting of mechanical systems, ensuring they meet design specifications and safety standards. The ideal candidate will have hands-on experience with mechanical systems, a keen eye for detail, and the ability to work independently or as part of a team.

Key Responsibilities:

- Assemble, install, and maintain mechanical components and systems.
- Perform diagnostics, repairs, and preventative maintenance on equipment.
- Read and interpret technical drawings, blueprints, and schematics.
- Test and calibrate mechanical systems to ensure they meet operational standards.
- Troubleshoot mechanical issues and provide effective solutions.
- Collaborate with engineers and other team members to improve system designs and performance.
- Adhere to safety regulations and maintain a clean, organized workspace.

Qualifications:

- Diploma or certification in Mechanical Engineering, Mechanical Technology, or a related field.
- Proven experience as a mechanical technician, preferably in an engineering or industrial setting.
- Strong understanding of mechanical systems, tools, and equipment.
- Ability to read technical manuals and schematics.
- Proficient in the use of hand and power tools.
- Excellent problem-solving skills and attention to detail.
- Good communication and teamwork abilities.
- Knowledge of health and safety regulations.

Benefits:

- Competitive salary with opportunities for overtime.
- Opportunities for career advancement and professional development.
- Supportive and collaborative work environment.

How to Apply: To apply, please send your CV and a cover letter outlining your experience and suitability for the role to carl.hallows@forth.uk.com by **29th November 2024**. Early applications are encouraged, as we will review and interview candidates on a rolling basis.
